

# PD-BELT

Currently used successfully by thousands of PD patients!!!

86% of PD patients with exit site problems experience reduced complications while using the belt.

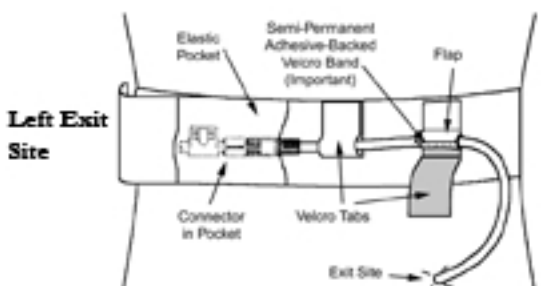

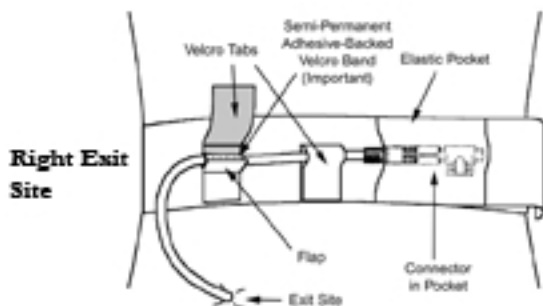

## Features and Benefits:

- Designed to allow patients to safely perform CAPD and CCPD exchanges
- Comfortably worn at all times to keep the patient's exit site stabilized and transfer set secure in between exchanges
- Comes in 5 sizes to fit a wide range of patients, each PD belt is designed to protect both left and right exit sites
- Constructed of a Latex free medical grade elastic which is comfortable and hypoallergenic
- Lessens the chance of peritonitis or chronic exit site irritations
- Due to the success among PD patients, Medicare has granted it its own reimbursement number **HCPCS A4653** per package

Each package lasts for 4 months with continuous wear.

**US Patent #5,496,282**

Order per package in 5 convenient sizes  
Fits both left or right exit sites

- |                     |            |
|---------------------|------------|
